Maria Cristina Samson, Meralco SVP and Head of Customer Retail Services & Corporate Communications Alfredo Panlilio, FBDC VP and Head of Commercial Operations Manny Blas II, Meralco VP and Head for Marketing, Customer Solutions & Product Development Jose Antonio Valdez, and TNG Managing Director Bob Barretto.

Meralco goes green with The Net Group (TNG), as first Electric Vehicle (EV) charging facility opens in Bonifacio Global City. Keeping up with its agenda of pioneering innovative energy solutions, Meralco has partnered with The Net Group in bringing the first EV Power Station in BGC. Meralco installed two charging facilities at the Net Lima Building - the country's first certified green building under the local rating system developed by the Philippine Green Building Council.

During the launch, Meralco SVP and Head of Customer Retail Services & Corporate Communications Alfredo S. Panlilio (in photo, right) reinforced the distribution utility's forward plans in creating innovative energy solutions, particularly in transportation. Meralco has been constantly pushing for EVs, as part of its charge towards national progress. "Our commitment is that the infrastructure for EVs should be ahead of market demand. This collaboration between Meralco and Net Group is a showcase that we are definitely on our way to building a more sustainable and innovative transportation system."
